**DOMESTIC SECTION 214 APPLICATIONS FILED FOR THE TRANSFER OF CONTROL OF
DSLNET COMMUNICATIONS, LLC AND DSLNET COMMUNICATIONS VIRGINIA, INC.
AND COVAD COMMUNICATIONS CORPORATION AND DIECA COMMUNICATIONS, INC.**

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 10-128

Comments Due: July 12, 2010

Reply Comments Due: July 19, 2010

On June 11, 2010, MegaPath Inc. (MegaPath), DSLnet Communications, LLC (DSLnet), DSLnet Communications Virginia, Inc. (DSLnet-VA), and CCGI Holding Corporation (CCGI) (collectively DSLnet Applicants) filed an application pursuant to section 63.03 of the Commission's rules to transfer control of DSLnet and DSLnet-VA, subsidiaries of MegaPath, to CCGI. On June 24, 2010, CCGI, Platinum Equity, LLC (Platinum), Covad Communications Company (CCC), and DIECA Communications, Inc. (DIECA) (collectively CCC Applicants) also filed an application pursuant to section 63.03 of the Commission's rules for authority to complete a transaction whereby Platinum will relinquish de facto control of Covad and DIECA as a result of changes to the Board of Directors (Board) of CCGI, which indirectly owns those carriers. CCC Applicants state that the CCGI Board changes are expected to result in MegaPath's current shareholders controlling certain seats on the Board.¹

MegaPath, a Delaware corporation, is the direct parent company of DSLnet and DSLnet-VA. DSLnet Applicants state that MegaPath does not offer any regulated telecommunications services nor hold any section 214 authorizations. DSLnet, a Delaware limited liability company, provides interstate telecommunications services in the District of Columbia and all states except Alaska, Mississippi, and Virginia. DSLnet-VA, a Virginia corporation, provides interstate telecommunications services in Virginia. DSLnet Applicants state that the following U.S.-based entities have a 10 percent or greater interest in MegaPath: Northern Neck Investors LLC c/o Volition Capital LLC in its capacity as subadvisor to Northern Neck Investors, LLC (approximately 19 percent indirectly as the general partner of the general partners of various investment funds) and US Venture Partners (10.5 percent directly). DSLnet Applicants state that no other person or entity holds a 10 percent or greater direct or indirect interest in MegaPath, DSLnet, or DSLnet-VA.

¹ 47 C.F.R. § 63.03; *see* 47 U.S.C. § 214. DSLnet and CCC Applicants are also filing applications for transfer of control associated with authorization for international and wireless services (for a CCC affiliate). Any action on these domestic section 214 applications is without prejudice to Commission action on other related, pending applications. DSLnet Applicants filed a supplement to their domestic section 214 application on June 25, 2010.

CCGI, a Delaware corporation that does not provide telecommunications services, is the parent company of Covad Communications Group, Inc. (Covad), a Delaware corporation that owns CCC, a California corporation, and DIECA, a Virginia corporation. CCC and DIECA provide integrated voice and data telecommunications services in multiple states and the District of Columbia. CCC Applicants state that, upon completion of the proposed transaction, the following U.S.-based entities will have a 10 percent or greater direct or indirect interest in CCGI: Platinum Equity Capital Partners II, LP (PECP) (40.3 percent), Platinum Blackberry Principals, LLC (PBP) (13.3 percent), and current shareholders of MegaPath and Speakeasy, Inc., as described below (33.5 percent). Platinum Equity Partners II, LLC (PEP) is the sole general partner of PECP. Platinum Equity Investment Holdings II, LLC (PEIH) is the senior managing member and controlling entity of PEP and PBP. Platinum is the sole member of PEIH and will indirectly ultimately control 66.5 percent of the voting interests of CCGI. Tom T. Gores, a U.S. citizen, owns 100 percent of Platinum.²

Pursuant to the terms of the proposed transaction, a subsidiary of CCGI created specifically for the proposed transactions, TMAC Merger Corporation, will merge with MegaPath, with MegaPath surviving. As a result, MegaPath will become a wholly-owned, direct subsidiary of CCGI, and CCGI will acquire indirect control of DSLnet and DSLnet-VA. In addition, CCGI and an entity named Speakeasy, Inc., which is a U.S.-based subsidiary of Best Buy Co., Inc., entered into an agreement whereby a subsidiary of CCGI will purchase the assets of Speakeasy, Inc., including the equity interests of Speakeasy Broadband, LLC.³ As a result of the transactions, Platinum will relinquish control of the Board of CCGI. DSLnet and CCC Applicants expect Platinum to control three of the seven Board seats of CCGI, MegaPath's current shareholders to control two seats, and Speakeasy, Inc.'s current shareholders to control one seat. They state that the last seat is independent and will not be held by any party. Applicants assert that the proposed transactions are entitled to presumptive streamlined treatment under section 63.03(b)(2)(i) of the Commission's rules and that a grant of the applications will serve the public interest, convenience, and necessity.⁴
